EXPERIENCE

Software Development Engineer Intern

Jan 2023 - Present

Amazon

Bengaluru, KA, India

- Integrated Amazon Alexa features into the Amazon iOS App, leveraging Objective-C as the primary programming language.
- Utilized AWS services and proficiently employed the AWS CDK library to architect and deploy AWS resource stacks.
- Built and managed pipelines to ensure seamless and efficient delivery.

UI/UX Design Intern

July 2020 - Nov 2020

House of Baba's

Remote, India

- Designed the mobile application interface incorporating Nielsen's 10 heuristics.
- Prototyped 10+ intuitive and user-friendly app screen designs, prioritizing simplicity and convenience.
- Efficiently leveraged design-focused software such as Figma and Framer to drive the creative process.

PROJECTS

Codon. Built a versatile code editor project in Python, enabling seamless functionality for six programming languages: Python, Java, R, C, C++, and Go. ([Github](#))

Edusite. An e-learning based application implemented using HTML, CSS, JS, Bootstrap, JQuery and PHP. Engineered and maintained a complex RDBMS schema with 10+ SQL tables for an e-learning website. ([Github](#))

COVID Daily. An android app which shows the daily statistics of COVID 19 cases in India. Coded using Java and XML & with the help of covid19india API.

PUBLICATIONS

Published a paper based on Sentiment Analysis (**Suicidal Prediction using Video, Audio and Text Analysis**), published in ICPS 2022. ([Link](#))

LEADERSHIP

- Management Chair for the [Mozilla Firefox Club](#) with over 100+ team members. Successfully organized Moz-Code'21, a large-scale event with over 500 participants, ensuring smooth execution and delivering a valuable experience.
- Digital Content Head for the [Hindi Literary Association](#). Managed and coordinated various digital platforms, including website and social media channels to enhance online presence and engagement for the organization.
